# impressions impressions

Outdura's® success story began more than twelve years ago. With high quality standards and know how, the brand based in North Carolina has developed itself to be what it is today: one of the leading suppliers of outdoor upholstery fabrics.

With „impressions“, a collection specially created to satisfy the needs of the European market, Outdura® presents a wide range of high quality outdoor fabrics.

Outdura® is a brand of the Sattler Group.

Sattler AG has been successful with its products for over 135 years – always abreast of time. Sattler®, a family owned business run by the fifth generation and with 4 production plants in Austria, Germany and USA, is one of the top European producers of technical textiles and is the leading provider of sun protection fabrics worldwide.

Sattler's products stand for the highest quality and innovation.

## FABRICS DESIGNED FOR OUTDOOR LIVING

Outdura® fabrics offer select colors and designs with outstanding technical properties.

You will find further product information on pages 16-19.

Outdura® fabrics are certified by the Öko-Tex-Label and are skin and environmentally friendly.

### „impressions“ – out of the passion for design and quality

The eleven theme worlds comprised in the Outdura® collection „impressions“ awake the desire to spend time in your individual outdoor area. From classical to extravagant, the collection offers a broad variety of fresh tones, interesting textures, intense colors and trendy accents. Either in home gardens, terraces or hospitality businesses - Outdura® offers the perfect solution for all environments and requirements.

The brand Outdura® unites best quality with sophisticated designs and leaves no wish unfulfilled. The fabrics are made from solution-dyed branded acrylic and ensure outstanding technical properties regarding light and color fastness, UV-resistance and durability. Thus the fabrics have an extreme long service life and the colors retain their brilliance even after many years.

Outdura® brand outdoor fabrics hold a quality promise for the future. You can enjoy these high quality fabrics not only for one summer but for many years to come.

# colors of night

## A touch of mysticism

Enigmatic colors and structures characterize the theme „colors of night“. Fabrics in invigorating tones and shades provide every outdoor area with a special elegance and timeless beauty.

# on the beach

## Like a day at the beach

The subdued colors and textures in our line „on the beach“ remind us of wide sandy beaches and are inspired by the soft structures of sea shells. The timeless style of these fabrics conveys a serene atmosphere inviting you to lay back and relax.

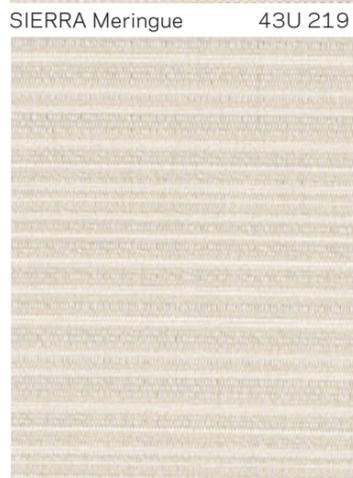

# pure & natural

Just unwind and relax

Soft tones and gentle colors define this line. Natural impressions emphasize the elegant style enchanting your own outdoor area.

# ocean breeze

## Deep blue sea

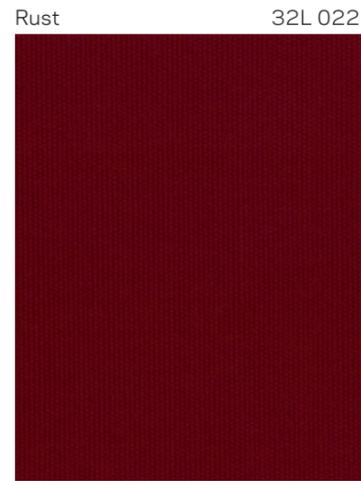

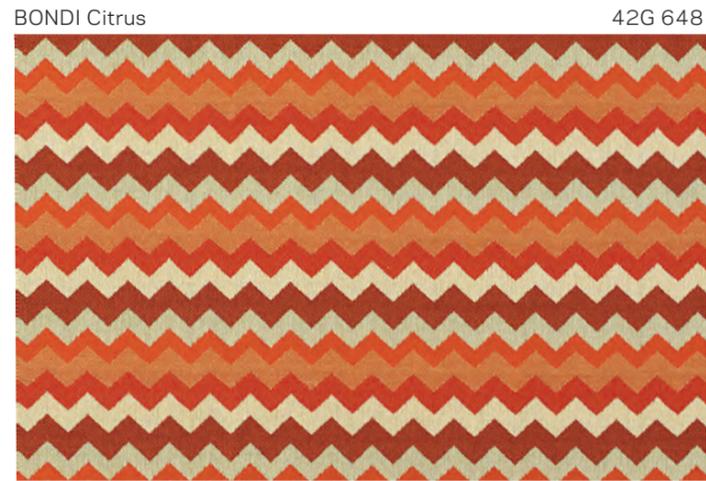

Inspired by the depths of the ocean, these intense blue tones almost let you hear the waves and feel the sea breeze on a hot day. Conjure up some holiday spirit in your own garden with „ocean breeze“.

# hot & spicy

Do you love the warm colors of the South?

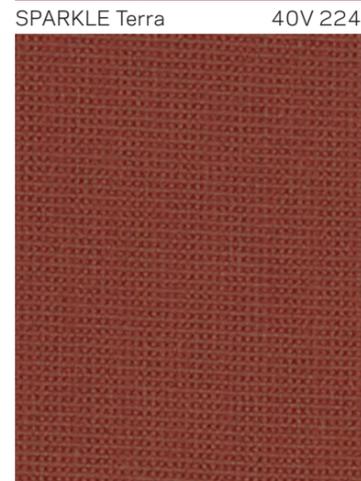

This line delights with its very dynamic color scheme where different tones and structures complement the extravagant and colorful jacquard. Provide your open air living room with a very special charm.

# crimson shimmer

Try a little more color

The sophisticated colors and structures of „crimson shimmer“ are an exciting extension of the vigorous patterns of „hot & spicy“. This glamorous red tone provides the outdoor area with a dash of eccentricity.

With Outdura® fabrics, umbrellas become real eye catchers in the outdoor area. The wide range of our umbrella fabrics extends from bright to discreet tones. Here you will find an overview of our umbrella fabrics collection - these fabrics are first choice for sun protection, also for applications in the hospitality area.

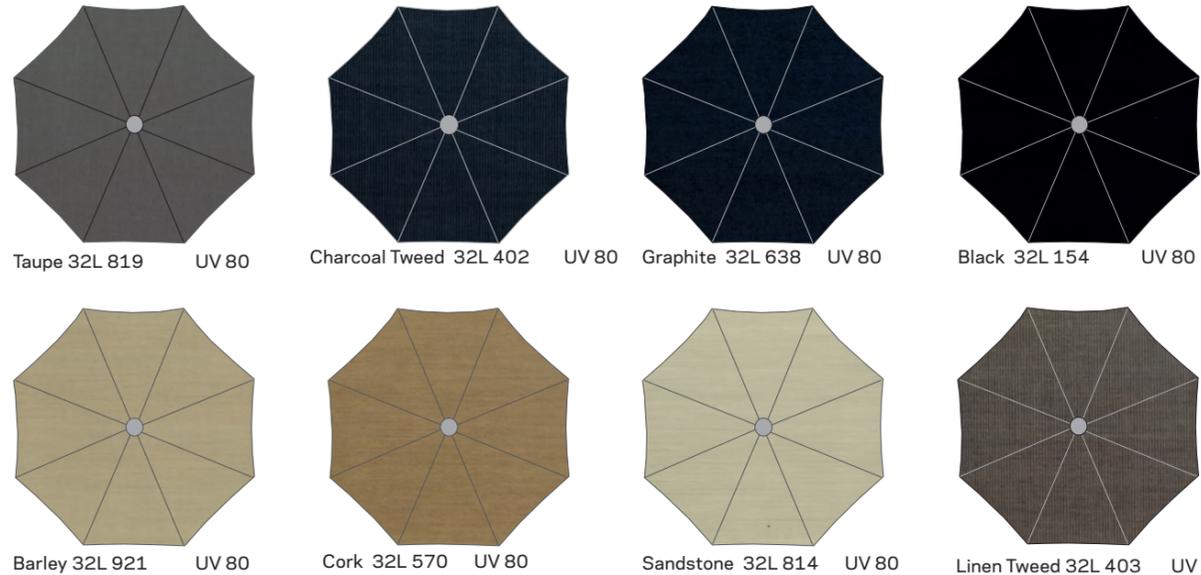

Particularly umbrellas are exposed to permanent sun radiation. The quality of the fiber is crucial in terms of fading resistance. Outdura® fabrics are made from solution-dyed branded acrylic. This means that the color pigments are in the fiber and not only on the surface, thus the fabrics have a better color fastness and the colors shine for a longer period of time.

### Certified UV-Standards

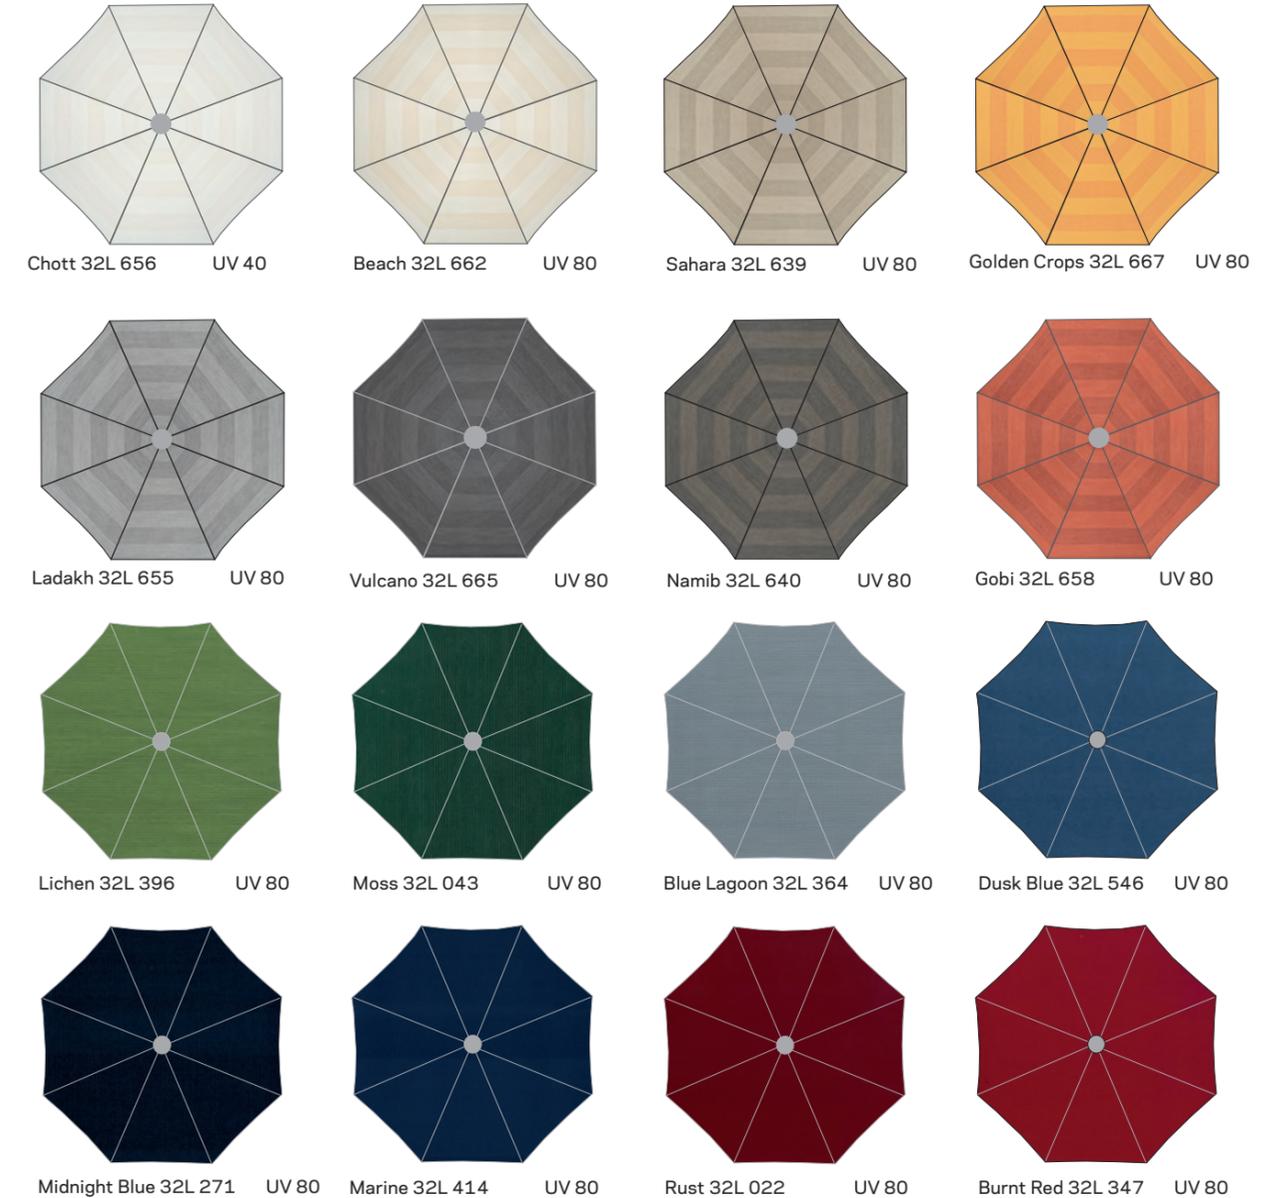

The exposure to UV-radiation has increased significantly during the last years. What many do not know: when you choose an Outdura® umbrella fabric you are choosing at the same time a high UV-protection fabric. Outdura® umbrella fabrics are certified according to the worldwide best measurement standard: the UV-Standard 801. With a UV protection factor 40, 97.5% of the radiation can be reflected and absorbed.

The indicated UV protection factor is provided through the strictest measurement procedure worldwide:  
» Simulation of real situations under the most extreme weather conditions like radiation intensity of the Australian sun.

- Bright colors with a high luminosity
- 100% solution-dyed branded acrylic
- Colors do not fade away, they shine for many years.
- Highest UV resistance, and thus no solidity loss
- Outstanding dirt and water repellency
- Pleasant textile feeling
- Breathable

# RELEVANT PRODUCT INFORMATION

## Quality in every fiber

Outdura® brand fabrics create a WOW effect in outdoor areas and not only one summer long but for many years. The outstanding technical properties of the fabrics ensure the highest light and color fastness, UV-resistance and the fulfillment of the Öko-Tex label standards. The surface of the fabrics is dirt repellent and breathable making them mildew resistant, durable and easy to maintain. Outdura® fabrics are extreme durable and ideally suitable for outdoor spaces.

Quality and exclusive designs – our promise for the future. Our 5-year guarantee confirms our promise and protects Outdura® customers in case any fading or solidity loss should occur provided the fabrics are used in a proper way and under normal environmental conditions. The guarantee is valid for 5 years from date of invoice.

### Color fastness through and through. Brilliant colors longer.

The high quality Outdura® fabrics are made from 100% solution-dyed branded acrylic and guarantee the highest functionality in terms of color fastness and UV resistance.

**Solution-dyed acrylic:**  
Color pigments throughout the fiber

**Yarn dyed fiber:**  
Color pigments are only on the surface of the fiber

Outdura® fabrics are certified by the Öko-Tex Label.

The OEKO-TEX® Standard 100 is a global testing and certification system for textile raw materials, intermediates and end products at all stages in processing, with the aim of completely eliminating harmful substances. The slogan „Confidence in textiles“ stands worldwide for responsible textile production, safety and transparency.

#### Important note:

Please note that the colors shown in these images are not binding and may differ with the original colors of the fabrics.

# CARE AND CLEANING

## Enjoy your fabrics for a long time.

In order to maintain the high quality of the fabrics as long as possible, please follow these indications: brush off dirt and dust before it becomes embedded in the fabrics and wipe up spills as soon as they occur. The finish applied to Outdura® fabrics helps them to repel dirt and water; therefore they are easy to maintain. To enjoy our fabrics for a long time wipe up stains as soon as possible.

#### GENERAL CARE INSTRUCTIONS:

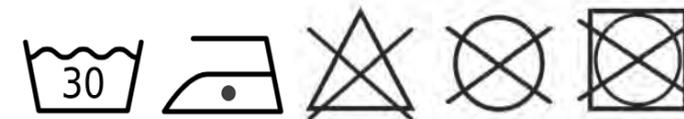

Remove loose dirt from the fabrics. To remove general dirt or light stains use a soft brush or sponge and a 5-10% solution of mild soap and water (max. 30°C). Allow the foam to soak into the fabric and then rinse thoroughly with clear water and let the fabric air dry.

#### CLEANING RECOMMENDATION FOR STUBBORN STAINS:

Prepare a solution of mild soap and bleach. Apply this solution to the fabric using a soft brush. Let it soak for an hour and rinse thoroughly with water. Never use water over 40°C. Always allow fabric to air dry.

#### Important notes:

- No dry-cleaning
- Always air-dry, never use a dryer
- If necessary: use an iron set to synthetic fabric heat.  
Please note: DO NOT STEAM IRON!
- Machine wash (delicate wash cycle max. 40°C) and allow the fabric to air dry
